

Shari Chaskin

Shari Chaskin makes her home in Calgary and is one of the most passionate, captivating voices on the scene today.

Few singers can match Shari's passion and combine those emotions with vocals second to none. She will take you on a powerful, emotional ride from intimate moments to soaring heights.

Born and raised in Montreal, Shari began her singing career at the age of 14 singing on recordings and performing on stages. She began performing with top 40 bands and jazz bands at an early age and further honed her talents when she became an original cast member of both the Montreal Bilingual Company and the Canadian National Tour of the mega-hit musical "**Les Miserables**".

She is honored to have shared stages with **Al Jarreau, Chantal Kreviasuk, Colin James, PJ Perry, Al Muirhead, Tommy Banks, Guido Basso, Sass Jordan, Oliver Jones** and many more.

Shari has collaborated with Elliot Willensky (writer for Whitney Houston, Michael Jackson and others) on many other projects including **Beautiful For You** which appeared in a CBS made-for-TV movie. She was the singing voice of Farrah Fawcett.

Shari's first CD release was **SECRETS**, recorded in Montreal, second CD release **SULTRITUDE**, recorded in Calgary. Shari is also featured vocalist on Prime Time Big Band's CD **FOR OUR FRIENDS** which was recorded at the Banff Centre.

Shari is that ultimate voice who pulls at your heart strings with her rich warm tones and her passion for power and honesty. She has performed on small stages to concert halls from duo to full orchestra.

"Shari Chaskin may very well be one of the best singers, of any genre in Canada right now."
